

Dan Fronek

My wife Kirsten & I have been members of the WAHC since 1995 and over the years all 3 of our children have been through this program. Our youngest, Steven will be a 1st year Bantam this upcoming season. Over the years I've served 4 years as ice director and more recently as Peewee and Bantam director.

Since we've joined, the club has seen tremendous growth, from 370 in '95/96 to 840 this past season. The growth shows no sign of abating. My goals as VP Hockey operations are 1) to continue the push to make this organization run as efficiently as possible despite our size and 2) to involve more parents in the club operations so the volunteering doesn't fall on a few shoulders.

In the near future the club also has a couple of major issues to resolve, namely icetime resources and the possibility of a new East Ridge Hockey Association. I feel that with my experience I can help work through those issues to provide everyone with a fun hockey experience.
